DETAILED ACTION

1. Applicant's submission, filed July 20, 2007 has been entered and acknowledged by the examiner.
2. Applicant's arguments, see pages 7,8, filed July 20, 2007, with respect to the rejections of and objections to the claims have been fully considered and are persuasive. The rejections of and objections to the claims have been withdrawn.

Claim Rejections - 35 USC § 102

3. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

4. Claim 4 is rejected under 35 U.S.C. 102(b) as being anticipated by Budinger et al. (USPN 4710679).

With regard to claim 4,

Budinger et al. disclose in at least figure 1 and column 3, lines 5-10, a low pressure gas discharge lamp comprising: a gas discharge vessel containing an inert gas filling; electrodes; and means for generating and maintaining a low pressure gas discharge. The wall temperature requirements in the claim do not carry patentable weight as the lamp is not claimed to require the tin halides listed.

Allowable Subject Matter

Art Unit: 2879

5. The following is an examiner's statement of reasons for allowance: subject matter indicated as allowable in the Office Action sent April 23, 2007 has been incorporated into the newly amended independent claims 1, and 3. Claims 1 and 3 are therefore allowed. Claims 5-13 are allowed as a result of their dependence upon claim 1.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the date of this final action.
